Bowling Performance

History

Dennis started bowling in junior leagues in 1959, he soon established himself as an accomplished youth bowler. At Broadway Lanes he not only bowled but was a pin setter and pin chaser. Watching his mentors bowl, Dennis developed a smooth delivery and a fine pendulum arm swing for consistency in stroking the bowling ball. One of the many highlights of his career happened while bowling with his son Eric, Dennis bowled a 300 and Eric rolled a 298.
